

Will A.I. Rule Over Us with Life and Death Decisions?

Artificial Intelligence vs. Humanity: One of the most talked-about technology breakthroughs in the 21st century involves artificial intelligence or A.I. Whether you know it or not, it touches every part of our lives. From self-driving cars to robot companions to warfighters, artificial intelligence is taking a prominent role across all industries. And while that's not necessarily a bad thing, experts are concerned about losing the human touch.
